

Computational Systems Biology WCSB 2006

June 12-13, 2006
Tampere, Finland

Chair

Olli Yli-Harja (TUT)

Co-Chairs

Marja-Leena Linne (TUT)

Heikki Huttunen (TUT)

Advisory Board

Matti Karp (TUT)

Samuel Kaski, Helsinki

*University of Technology,
Finland*

*Stuart A. Kauffman, University
of Calgary, Canada*

Christophe Roos, MediceL Ltd.

*Maria Samsonova, St. Petersburg
State Polytechnical University,
Russia*

*Ilya Shmulevich, Institute for
Systems Biology, Seattle,
USA*

*Korbinian Strimmer, Ludwig-
Maximilian University,
Munich, Germany*

*Mauno Vibinen, University of
Tampere, Finland*

Local Organizing Committee

Technical program

Tiina Manninen (TUT)

Jyrki Selinummi (TUT)

Publication

Pekka Ruusuvuori (TUT)

Local Arrangements

Virve Larmila (TUT)

Mäika Ahdesmäki (TUT)

Publicity

Jenni Seppälä (TUT)

Finance

Pirkko Ruotsalainen (TUT)

CALL FOR PAPERS

Following the three successful previous events of WCSB, *Tampere University of Technology (TUT)* will host the next WCSB event in Tampere, June 2006. WCSB aims at bringing together the various research communities involved in the different aspects of computational systems biology field. The scientific program will include invited plenary talks and regular sessions with contributed research papers, which will be published as proceedings.

Topics of interest for submissions include, but are not limited to:

- Applications of Image Processing in Systems Biology
- Discrete Models and Ensemble Approach in Theoretical Biology
- Simulation, Modeling and Data Analysis in Systems Biology
- Experimental Systems Biology
- Applications of Computational Methods in Cell and Molecular Biology

PAPER SUBMISSION

Prospective authors are invited to submit full papers of not more than four (4) pages including results, figures and references.

Submission deadline of full paper:

February 17, 2006

Notification of acceptance:

March 31, 2006

Submission deadline of camera-ready paper:

April 28, 2006

WORKSHOP VENUE

Tampere is conveniently located in southern Finland, approximately 200 kilometers from the capital Helsinki. The city is readily reached with direct connections from several European cities, including Stockholm, Copenhagen, London and Frankfurt. Furthermore, the location enjoys the beautiful nature offering its best in the summertime.
